

induction bending

Hengxin Science and Technology Limited

Hengxin is experienced in Induction Heating Machine and Induction Heating Power Supply, induction heating equipments can be used in induction heating service, induction heat treatment, induction brazing, induction hardening, induction welding, induction forging, induction quenching, induction soldering induction melting and induction surface treatment applications
<http://www.hengxinkeji.com>

induction heating is widely used for bending big size of steel pipes such as oil transport pipe, oil delivery pipe, oil pipe line, it will bring a quick speed and safe work envioment.
